OWLS HEAD BOARD OF APPEALS APPLICATION

VARIANCES: A variance is a relaxation of the terms of the Land Use Ordinance that can be granted only where such variance will not be contrary to the public interest and only where literal enforcement of the Ordinance will result in 'undue hardship'. Under the Land Use Ordinance a variance is authorized only for height, area of lot and associated density, size of structures, and/or size of yards and setbacks. A side yard or rear yard setback shall not be granted if it will interfere with firefighting to a structure. The amount of variance granted should only be sufficient to relieve the 'undue hardship'. Establishment or expansion of a use otherwise prohibited shall not be allowed by variance.

Notes to the applicant: The Board of Appeals may grant a variance only if <u>all</u> of the 'undue hardship' criteria can be met. : The term 'undue hardship' means:

- 1. The land in question cannot yield a reasonable return unless a variance is granted;
- 2. The need for a variance is due to the unique circumstances of the property and not to the general conditions in the neighborhood;
- 3. The granting of the variance will not alter the essential character of the locality; and
- 4. The hardship is not the result of action taken by the applicant or a prior owner.

If you are requesting a 'disability variance' please contact the Code Office.
